IMPORTANT NOTICE FOR HOSTED PAYMENT SOLUTIONS MIGRATION

December 2018

This Important Notice includes upcoming technical changes to Chase Merchant Services' payment processing platforms and related systems. These planned updates will be implemented in support of various initiatives by Chase and the respective card brands alike.

This document is intended to provide a high-level preview of planned changes and detailed technical specifications will be published after planned changes have been finalized, if applicable. This document does not represent a contract or guarantee of future functionality. Chase assumes no responsibility for any action that results from deviations or changes to the planned content or release dates included in this document. Unless otherwise noted, updated technical specifications will be published on the scheduled implementation date referenced within the document.

This publication is for informational purposes only, and its content does not represent a contract or agreement, in any form. Chase reserves the right to alter product specifications without notice. No part of this publication may be reproduced or transmitted in any form or by any means, electronic or mechanical, including photocopy, recording, or any information storage or retrieval system, without Chase's permission.

All brand names and product names used in this document are trade names, service marks, or registered trademarks of their respective owners. No part of this publication shall be construed as any license, express or implied, to any of the respective owners' trade names, service marks or trademarks or any patents, copyrights or other intellectual property of JPMorgan Chase Bank, N.A., and its respective affiliates and shall not be used or furnished as any reference and/or in connection with any advertisement, announcement, release or promotional materials by any persons other than such respective owners.

Key Dates – Milestone View

This Important Notice includes upcoming technical changes to Chase Merchant Services' payment processing platforms and related systems.

Key Dates		
Target Milestones	**Planned Date**	**Notes**
Testing window start date	December 15, 2018	
Testing window end dated	January 28, 2019	
Planned Implementation	January 27, 2019	

Chase Merchant Services' Hosted Pay Solutions will migrate to a new IP addresses for connectivity. This change is effective on the date listed above. This change only impacts merchants that whitelist IP addresses.

Clients will need to add the following IP addresses to the system's accepted networking traffic to prevent an interruption in service:

• 40.143.178.128/25

• 173.237.133.128/25

A Connectivity Test tools has been created for merchants to test connectivity with the new IP ranges. These tools are available at the following URLs:

https://range1.chasepaymentechhostedpay.com/connection_test_form.php

https://range2.chasepaymentechhostedpay.com/connection_test_form.php

Merchants must test connectivity using both URLs. Merchants must use the following username and password to authenticate.

Username: urltest

Password: JZmay89V

Merchants can enter the callback or content template URLs. Upon checking the connectivity with the "Check Connectivity" button, the system will make a cURL call and display the result on the same page.

Contact a Chase Merchant Services Relationship Manager for any questions or more information.
